ONE CULTURE INITIATIVE

NETWORK MAP & SCOPE

Our Vision

Join us in providing the unifying power of the performing arts to benefit urban youth at risk in our community! Our new cultural hub at Jazz Central and Creative Classroom Network will provide the One Culture Curriculum and Creative Gateway Careers Seminar Series to resident youth and new Americans across our city. Our family of partner agencies now includes the North Side Learning Center, Hopeprint, Mercy Works, and the Spanish Action League.

We are improving our existing arts facility to increase our ability to incubate emerging artists and organizations, and creating a new, fully-equipped central location for instruction and fully-staged student recitals and exhibitions – a state of the art network hub – in Jazz Central, our downtown arts & education center.

To ensure permanence and longevity for this initiative, a Sustainability Fund will enable this content available, FREE OF CHARGE, to these children.

Join us by supporting the
Foundation for Our Future Campaign!
